

CS-500 AGGREGATE TEXTURE (WHITE) CEMENT/AGGREGATE BLEND

DESCRIPTION

CS-500 AGGREGATE TEXTURE is a high quality blend of White Portland Cement and Quartz Silica Sand. Quartz content exceeds 90% of the total aggregate filler (compare 74-83% from other manufacturers).

Additional modifiers are incorporated to enhance the over-all strength potential as a concrete overlay system when used with CenturyStone Concrete Bonder (CSR-1000).

TYPICAL USES

CS-500 AGGREGATE TEXTURE is an integral component in the CenturyStone Decorative Concrete Coating System.

When combined with CSR-1000 Concrete Bonder, the CS-500 AGGREGATE TEXTURE can be applied as an acrylic lace texture, as well as various other trowelled finishes (i.e. tile, brick, flagstone, etc.) over properly prepared existing concrete substrates.

METHODS OF APPLICATION

As part of a complete overlay system, the CS-500 AGGREGATE TEXTURE can be applied by trowel, squeegee, screed, broom, brush or sponge. The consistency can be altered for a variety of repair or overlay applications.

PRIMARY FEATURES (as part of complete system)

- High Performance Concrete Technology
- Cool walking surfaces
- Unlimited Decorative Applications
- Slip-resistant top coat (i.e. textured finish)
- Compatible with acrylic-based products
- Minimal drying time
- Suitable for interior or exterior
- High abrasion resistance
- Top coat with acrylic, urethane or epoxy sealers

APPLICATION INSTRUCTIONS

Add 1-2 gallons CSR-1000 Concrete Bonder (or pre-mixed concentrate) to 1-50# bag of CS-500 AGGREGATE TEXTURE.

Mix in a clean bucket with an electric operated masonry mixing paddle. Rinse off mixing paddle and tools with water immediately after use. Apply CSR-1000 to substrate as a primer before application. If substrate is uneven apply base-coat(s) with CS-100 AGGREGATE BASE

Do not install at ambient temperatures below 40 degrees F.

COVERAGE

As a trowelled finish or acrylic lace texture CS-500 will cover approximately 100 SF or more per 50# bag. Other applications will vary coverage.

PACKAGING

50# bag
pallet (70 bags)
